## Night Scan Remote Controllers

Will-Burt offers wired and wireless full-function, simple-to-use remote controls. Designed for rugged environments and gloved hands, they can withstand the harshest weather and operating conditions.

All controllers have an emergency stop button for immediate reaction to unexpected situations. All controllers have a one button auto-deploy and auto-stow function to simplify tower operation and they also include a digital display for status feedback.

Choose from our handheld tethered models, panel-mount version or a full-function, wireless / rechargeable remote-control system.

## Wired Remotes

- Controls all functions of the Night Scan Chief, Vertical Complete, Powerlite, Xtreme and Vertical
- Functions include full rotation and tilting of lights, mast up/down and Auto Stow®
- Available with NFPA start button

Chief and Vertical Complete Wired Remote

Powerlite, Xtreme and Vertical Wired Remote

## Panel Mount Controls

- Can be mounted anywhere in the rescue vehicle including the pump panel
- Functions include full rotation and tilting of lights, mast up/down and Auto Stow®
- Versions available to control all functions of every Night Scan model

Chief and Vertical Complete Panel Mount Control

Powerlite, Xtreme and Vertical Panel Mount Control
