

AC VOLTAGE DETECTOR

SAFETY WITHIN REACH

Designed by Will-Burt and assembled in the USA, the D-TEC Reach is a compact, lightweight handheld AC voltage detector engineered to keep you safe. It senses energized AC lines from a safe distance with both visual and audible alerts. Rugged, reliable, and easy to deploy, the D-TEC Reach is an essential safety tool for firefighters, towing and recovery professionals, disaster response teams, search and rescue operations, and anyone working around potentially energized environments.

ESSENTIAL FEATURES

- Early warning of high voltage AC current
- Intuitive controls and simple to use
- Loud audible alert
- Visual alerts
- Adjustable sensitivity
- Detects household current to overhead transmission lines
- Includes storage bag
- Battery powered - 4 AA included
- Designed by Will-Burt and assembled in the USA

SPECIFICATIONS

Detection Distance			
Sensitivity Setting	Voltage Source		
	120/220V	7.2/16kV	46kV
High	36 in (91 cm)	150 ft (46 m)	350 ft (107 m)
Medium	18 in (46 cm)	60 ft (18 m)	175 ft (53 m)
Low	6 in (15 cm)	15 ft (4.6 m)	50 ft (15 m)

*Distance will vary based on environmental conditions
