ABOUT FIRETECH HEADLIGHTS

FireTech LED Headlights are a simple way to dramatically boost the total light output of your emergency vehicle. These headlight fixtures are a direct replacement for most of the stock headlights found on today's apparatus. Other than superior light output, what sets our headlights apart specifically for the fire industry is the integration of an elliptical beam. This beam will provide light from the bumper, right up to where your low beams kick in. This important feature allows you to have usable light when you need to be working around the front of the apparatus. Within the one housing, the FireTech headlight has your low beam, high beam, elliptical beam and an integrated halo ring Park lamp around the outer edge. Meeting DOT requirements and featuring a lifetime warranty, there's no reason not to choose these for your new or existing apparatus.

Key Features:

- DOT Compliant Fixture
- High Visibility LED Park Halo
- High / Low Beam Modes
- Multiple LEDs Lighting Roadway
- Wiring Accessories Available

7" / 5.75" ROUND LED HEADLIGHT SPECS

RAW LUMENS	4,210/EA
WATTAGE (PARK)	8 WATTS
WATTAGE (HL LOW)	18 WATTS
WATTAGE (HL HIGH)	9 WATTS
WATTAGE (H HIGH)	33 WATTS
INPUT VOLTAGE	9-32V DC

Model #	Description	Beam Modes	Voltage Range	Dimensions
FT-575-H	5.75" Headlight DOT High Only	High, Park Lamp	9-32V DC	5.65 X 5.65 X 2.88
FT-575-HL	5.75" Headlight DOT High / Low (For Low Beam Use)	High, Low, Park Lamp	9-32V DC	5.65 X 5.65 X 2.88

4X6 LED Headlight

Direct replacement DOT Compliant Headlight

ABOUT THE 4X6 HEADLIGHTS

FireTech LED Headlights are a simple way to dramatically boost the total light output of your emergency vehicle. These fixtures are a direct replacement for most 4" x 6" halogen headlights found on today's apparatus. The FireTech headlights are feature a unique beam pattern which optimized light output in the areas important to firefighters when working on scene. The FireTech 4x6 headlight also features an integrated halo Park lamp rung around the outer edge of the fixtures, giving the truck a modern automotive look and feel. Many customers choose to wig-wag these halos vs the headlights themselves which allows the headlights to perform ONLY the job they were intended for (illuminating the roadway)

The FireTech 4X6 headlights are DOT Compliant for use in all are regulated by FMVSS108 and are backed by the industries only LIFETIME Warranty.

Key Features:

- Mechanically attached GORE PolyVent for moisture control
- High Visibility LED Park Halo
- Direct Drop-in replacement
- High / Low Beam and High-Only Modes
- Chassis-Specific Accessories Available
